THE GLOBAL PARTNERSHIP TO PROMOTE THE DEMAND, SUPPLY AND USE OF EQUITY FOCUSED GENDER RESPONSIVE EVALUATIONS

www.evalgender.org

Agenda for Sustainable Development" calls for an effective, inclusive and transparent monitoring and evaluation framework at the national, regional and global levels to help countries maximize progress in implementing the 2030 agenda and to promote accountability to citizens. The engagement around the 2030 Agenda and the Sustainable Development Goals (SDGs) is an important opportunity to build on the lessons learnt from the Millennium Development Goals to tackle social inequity and inequality in all its dimensions.

EvalGender+ works to demand, supply and focused and gender as an avenue to for gender equality implementation of

EVALGENDER+

WHY EvalGender+?

Progress on gender equality and social equity is fundamental for realizing human rights for all, creating and sustaining peaceful societies, and building socially inclusive and sustainable development trajectories, where the benefits of development are equitably shared.

What is the EvalGender+ OBJECTIVE?

The goal of EvalGender+ is to ensure that all SDGs are achieved with equity focused and gender responsive lenses and that the field is enhanced

5 TASKFORCES:

1. Capacity Building
2. Knowledge Management
3. Communication and Advocacy
4. Fundraising and Networking
5. Participatory Evaluation

TO IMPLEMENT 3 STRATEGIES:

- MOBILIZE & ADVOCATE**
Impact through social mobilization
Enable interested actors to coordinate, better mainstream gender equality in evaluation systems and policies.
- INNOVATE**
Impact through innovation

A tip from our experience

Education sector as an example

A different lens of thinking of gender

What do you think?

Percentage of education among Jordanian females (15+) is 93.1%

Percentage of female students at Jordanian universities is 51.6% versus 48.4% of male students

Responsive evaluation is an agent of change for the world we want
